Directions to Optipop

It's very easy to get to Optipop from downtown. If you walk, just come over the bridge and turn east on Levy. The studio is in a light green house on the south side of the street at the intersection of Levy and Monticello Road. There's a big maple in the yard, a stone wall and concrete steps.

If you are driving from further out, please be aware that Charlottesville streets tend to change their names at intersections. The most pertinent example will be at the Avon Street Bridge – immediately north of the bridge, the street is called 9th Street, one more block north and it is called High Street, the bridge itself and south of it, is called Avon. Also, streets frequently have similar names, for example, there is a Monticello Road and a Monticello Avenue.
